Overflowing with elegant architectural details, such as ornate ceilings, rare Canadian red pine timberwork, deep window sills and leadlight windows, just to mention only a few, the quality of this home is guaranteed to leave an indelible impression. Solid triple brick and built in the early 1930's, this appealing home combines modern conveniences with its original historic characteristics. This stunning central home features three bedrooms, two with built-in robes and ornate ceilings and the third bedroom is connected to the second which would make an amazing nursery/ study or walk-in robe/ensuite. There are two generous and inviting living areas, including the original formal lounge with original decorative fireplace, leadlight feature window and stunning double doors. The second living area offers a near new gas heater and leads into an updated country st ...
